ClearSpeed Technology Joins Owen Media Client List

SEATTLE, Wash. – May 27, 2005 – ClearSpeed Technology (LSE:CSD), developer of high-performance, low- power, programmable microprocessor solutions, recently hired Owen Media to provide public relations support. Used alongside general purpose processors, ClearSpeed’s co-processors enable significant acceleration for compute-intensive applications.

“ClearSpeed brings innovation and leadership to the High Performance Computing industry by providing acceleration solutions for workstations, servers, and clusters, which matches our client base well,” said Paul Owen, president of Owen Media. “We believe our experience in the server and HPC category will be an asset to ClearSpeed.”

Owen Media provides public relations consulting to high-tech companies. Owen Media’s clients include Cray, AccessVia, HyBlue, the Transaction Processing Performance Council, and the InfiniBand Trade Association. To learn more about Owen Media, visit the company web site at www.owenmedia.com.
